And, what’s Ministry job?

- National Plan on chronicity
  (Steering Committee in place)

- National prevention plan
  http://www.salute.gov.it/portale/temi/p2_4.jsp?area=prevenzione
  (Health promotion, healthy life styles, healthy ageing)

- National public health fund (CCM)

- Partnerships in EU projects
  (e.g. CHRODIS/CHRODIS+)
CCM: focus on frailty

“Pilot project of healthcare provision in elderly people with multi-morbidity through a telematic cloud based platform prototype”

“Support of Joint Action “ADVANTAGE» through promotion of physical activity in people older than 64”
Yes, but what `s EUHP future?

According to this logic, there are five basic options for the future of EU finances.

- **Carrying on:** the EU-27 continue to deliver their positive reform agenda.
- **Doing less together:** the EU-27 do less together in all policy areas.
- **Some do more:** the EU-27 allow groups of Member States to do more in specific areas.
- **Radical redesign:** the EU-27 do more in some areas, while doing less elsewhere.
- **Doing much more together:** the EU-27 decide to do more together across all policy areas.

Scenario 2 Doing less together

General trend and volume
- Significantly reduced
- Focus on internal market functioning
- Amounts for cohesion and agriculture significantly reduced
- Much higher use of financial instruments and guarantees

Expenditure
- Common agricultural policy
  - Support only for farmers under special constraints (e.g. small farms, mountainous areas and sparsely populated regions)
  - Risk management tools for all farms
- Economic, social and territorial cohesion
  - Support only to cohesion countries and cross-border cooperation
  - Focus exclusively on social inclusion, employment, skills, innovation, climate change, energy and environmental transition
- Single market programmes maintained (trans-European networks, customs, consumer protection, agencies)
- No financing for new priorities (security, border control, migration, defence)
- Discontinue other programmes (Erasmus+, research and innovation, aid to the most deprived, health, culture, citizenship, etc.)
Public consultation on EU funds in the area of investment, research & innovation, SMEs and single market
