Lista degli Antibiotici

Le liste riportate di seguito indicano gli antibiotici che debbono essere inclusi nella rilevazione.

- La Lista 1 riporta gli antibiotici in ordine alfabetico per principio attivo.
- La Lista 2 riporta gli antibiotici ordinati per nomi commerciale con indicate le formulazioni.

Entrambe le liste fanno riferimento agli antibiotici che hanno ottenuto in Italia l'autorizzazione all'immissione in commercio (AIC) e sono presenti in commercio; non sono riportati in queste liste gli antibiotici autorizzati ma non disponibili sul mercato.

- La Lista 3 riporta gli antibiotici non presenti in commercio in Italia ma da includere nello studio se acquistati all'estero.
